

# Concurrent Enrollment Policies

## Admissions Requirements

Any junior or senior high school student<sup>1</sup> attending an accredited high school who meets the eligibility requirements and admissions standards can enroll in college courses. Students must have one of the following for admission:

- Minimum National ACT, Pre-ACT, or Residual<sup>2</sup> ACT composite score of 19, **OR**
- Minimum SAT, PSAT 10, or PSAT/NMSQT of 990, **OR**
- Unweighted high school GPA of 3.0 or higher.

<sup>1</sup>Oklahoma State Regents Higher Education (OSRHE) policy requires that home school/unaccredited students have completed enough high school coursework to be equivalent to a junior or senior at an accredited high school or earn the requisite score on an acceptable SAT or ACT exam to be admissible. <sup>2</sup>Students can utilize one residual ACT score per year (Nov. 1 – Oct. 31). Residual ACT scores are valid only at the institution at which it is administered.

## Required Documents

All required documents must be received before a student is accepted for admission to concurrent enrollment.

- Free application for admission: Visit <https://apply.osuokc.edu/apply> to apply.
- Concurrent Enrollment Approval Form must be completed and signed as indicated.
- Transcripts: most recent official high school transcript and a transcript from each college or university previously attended (if applicable).
- Official ACT or SAT scores.

## Course Placement

Admission to OSU-OKC does not guarantee eligibility for course placement. At a minimum, students must demonstrate college readiness in reading (Cumulative HS GPA 3.0+, ACT 19/SAT 510/Accuplacer Reading  $\geq$  250). Students must also meet the following score requirements in the subject area in which they are enrolling:

Test Subject Area	Academic Performance Code from Catalog <sup>4</sup>	High School GPA	National ACT, Pre-ACT, or Residual ACT	SAT, PSAT 10, or PSAT/NMQST	ACCUPLACER NextGen
English	May enroll in courses with [W] prerequisite	HS GPA of 3.0+ in English coursework	19 English	510 Evidence-Based Reading & Writing	Writing $\geq$ 250
Math	May enroll in courses with [M] prerequisite	HS GPA of 3.0+ in Math coursework	19 Math	510 Math	Quant. Reasoning/Algebra/Statistics $\geq$ 263, <b>AND</b> Advanced Algebra/Functions $\geq$ 250
Reading	May enroll in courses with [R] prerequisite	HS cumulative GPA of 3.0+	19 Reading	510 Evidence-Based Reading & Writing	Reading $\geq$ 250
Science <sup>5</sup>	May enroll in courses with [SCI] prerequisite	HS Science GPA of 3.0+	19 Science	N/A: There is no SAT science section	N/A: There is no equivalent

<sup>4</sup>Many courses have more than one code as a prerequisite. For example: English Comp I (ENGL1113) has both an [R] and [W] requirement. Students must meet all prerequisites for enrollment.

<sup>5</sup>If there is no Science equivalent, students must have both [R] and [M] to meet [SCI] requirement.

## Course Enrollment Limits / Workload

OSRHE policy limits high school students to a maximum of 19 semester credit hours. One-half high school unit is considered equivalent to three semester credit hours of college work. Non-academic high school units are excluded from the workload calculation. Any student wishing to exceed these limits must submit a [Petition for Excessive Hours](#).

## Continued Enrollment

Students must maintain a cumulative college GPA of 2.0 or above, on a 4.0 scale, to enroll in subsequent semesters. Students whose cumulative college GPA falls below 2.0 are not eligible to enroll in college courses until after high school graduation.

Please note: Grades earned through concurrent enrollment are posted to the official transcript and become a part of the student's college record. Therefore, scholarships, grants, and other forms of aid – including Oklahoma's Promise – that depend on GPA may be adversely affected if a student fails to maintain the appropriate GPA requirements.
