

## **THE DENVER COUNTRY CLUB**

### *Turfgrass Intern Job Description*

#### **COURSE SUMMARY:**

The Denver Country Club is the oldest private country club in Colorado. Established in 1887, the Denver Country Club is an 18-hole parkland-style course that is known for its scenic views of downtown Denver and the Rocky Mountains. The course is a J. Foulis and B. Coorer design and is currently undergoing a complete bunker renovation by architect Gil Hanse. The greens are a push-up style bent/poa mix and the tees and fairways are a bent/rye/poa mix. The golf course and clubhouse grounds are meticulously cared for, making the property truly extraordinary. The Denver Country Club exudes tradition and history. Club members enjoy privacy coupled with an atmosphere where absolute satisfaction is the highest priority.

#### **JOB SUMMARY:**

As an intern, you must be detail-oriented, dependable, and possess a high degree of integrity and a willingness to learn. You must be self-motivated and able to think and work independently. You will be training to become an assistant golf course superintendent. Your internship will include:
