

Police Science A.A.S.

Program Description

Designed to prepare the student for a variety of career opportunities in the law enforcement system. This program focuses on the relationship between the police mission and such influences as the courts and the community. The program provides a general education background, as well as preparation for law enforcement work and is designed for professionals who wish to update their knowledge and perspectives on various developments in the fields of law enforcement and criminal justice. The curriculum is accredited by the Oklahoma Council on Law Enforcement Education and Training (CLEET) which provides an alternate route to peace officer certification for students desiring a career in police work. This degree transfers in to the BT-ERA degree.
