**Total to Graduate:** 74 Credit hours

### Program Description
This program is designed to prepare the student for a variety of careers in the field of technical investigation and to provide the opportunity for those currently working in the field to update their skills. The program focuses on the technical aspects of scientific investigation. Among the topics included in the program are: photography, bloodstain interpretation, fingerprinting, rules of evidence and its collection and preservation. The terminal event of the program is the investigation of a mock crime scene and the preparation of evidence for the courtroom.

### Employment Information
The Associate in Applied Science degree in Police Science with the emphasis in Crime Scene Investigation is designed to meet the basic police officer certification and crime scene investigation requirements for the state of Oklahoma as mandated by the Council of Law Enforcement and Education Training. Graduates of the program have the potential to earn salaries between $28,000 and $54,000 a year and be employable as a technical investigator.

### Degree Awarded
Associate in Applied Science
