PERIODICALS

Print :

The Periodical Index, found throughout the Library, lists over 50 nursing periodical titles. Periodicals are shelved alphabetically by title. The most comprehensive subject index for Nursing is the Cumulative Index to Nursing and Allied Health Literature (CINAHL) which is found on the Magazine Index Table.

Electronic Access:

The following databases provide professional level journal articles. Both subject and keyword searching are available with indexes geared to the terminology of the health field.

- **CINAHL** (EBSCOhost) offers an index and abstracts, but *DOES NOT* offer fulltext articles.
- **Health Source: Nursing/Academic Edition** (EBSCOhost) includes an index, abstracts and *DOES* offer fulltext articles. Health Source: Consumer Edition, Clinical Reference Systems and USP DI: Volume II are designed for patient use...not professionals.
- **Health Reference Center Academic** (INFOTRAC) includes an index, abstracts and *DOES* offer fulltext articles.
- **Taber's Online** Cyclopedia Medical Dictionary
- **STAT! Ref / Anatomy TV** – Electronic access to a variety of nursing tools and resources.

Database off-campus passwords:

For off campus access to the OSU-Oklahoma City Library databases, go to:

www.ousokc.edu/library/onlinedatabases/htm

Log in by following the instructions on the web page.

BOOKS/AUDIO VISUAL MATERIALS

To identify book and AV materials using the OSU-Oklahoma City Library catalog, use the Keyword option. All materials are shelved by Call Number.

Some specific Call Number areas in the Reference and Main collections –

- Medical Dictionaries 610.14 thru 610.3
- Drug Medication handbooks 615.1 thru 615.5
- Care Plans 610.73 and 616.075
- NCLEX 610.73076
- Ethics 174.2

RESERVES

Many books, articles and audio visual resources have been placed on Reserve by the Nurse Science instructors. These may be checked out with your Student ID and viewed in the Library.
